Subject: Streptomycin Citrus Final Decision Document - Comments from Marietta

Hi team:

Marietta provided FB with comments on both the Final Decision document for strep on citrus as well as the final Response to Comments document. I have only made it through the Final Decision document thus far. According to upper management this has to go "live" a week from tomorrow. I'm not sure how we are going to make this date but we have to do all we can to get it done asap. I am finding out about this today, just like you are. Below Marietta's comments I have inserted questions with your name or discipline. PLEASE GET BACK TO ME TODAY if you can. I need to

get this back to Marietta asap as it still needs her follow up review, review by Mike Ed, CBI clearance and publication by 1/12/21.

Please see these pages for comments. Don't worry about multiple versions of this document – I will combine everyone's version into a master document:

EFED: pages 3 and 5

Tara or John: page 2

Susan: pages 9 and 17. Susan: I'm not sure if John is in today so if you can cover any of his responses please do so.

John: pages 10 and 12

Tawanda: page 15

Cynthia: page 16.
